

LOCAL MATTERS.

Wanted to buy—Poor hogs and small calves. Call at Bleiman, Son & Co.'s store.

Now is the season of the year when lime should be used freely about the house and yard. Which is worth the most a five cent piece with a hole in it or a hole with a five cent piece in it? The farmers are pushing their farming operations vigorously and as a result trade in town is very dull.

If in the incoming State campaign any fellow is found "reluctantly consenting to become a candidate," shoot him on the spot.

Mr. J. C. Mickler has just received several boxes of fresh lemons. He is selling them cheap—10 for 25 cents.

Mrs. Hepsbah Shepherd in Cheochee, was accidentally run over by a cow and seriously injured on the 18th ultimo.

John J. Smith, County Auditor, publishes in another column his annual notice to make tax returns. Read what he says about this important matter.

The regular dinner reading of the ladies of the Philanthropic Society of the Walhalla Female College will be held next Friday evening, May 6th, at 8 o'clock P. M., in the college chapel. The public are respectfully invited to attend.

Oconee county before the war was considered above the cotton zone, only a few bales being raised. The yield in 1880 was 4,183 bales and in 1881 there were 5,187 bales raised in this county.

Some of the citizens in Varennes Township, Anderson county, have driven stakes in the ground along the public roads for the purpose, it is said, of keeping the candidates out of the cultivated fields.

A business man who disregards the virtue of newspaper advertising cannot compete with his enterprising neighbor who places his business before the people every day or week in the year through the columns of his home paper.

There is an increase of twenty per cent in the acreage of wheat in this State and in the acreage of oats forty per cent. Increase, the consequent gain to the farmers is computed at \$2,000,000.

The nights and mornings have been unusually cold for the past week. We hear there has been some frost in the upper part of this county and the temperature was little short of frost at Walhalla on Tuesday morning. Fire was comfortable in the shade all day Monday. We have had plenty of rain and only need warm nights and hot days to revive the drooping cotton. Oats and wheat continue promising.

Attention is called to the change of schedule on the Columbia and Greenville and Blue Ridge Railroads which went into effect on May 1st. The train now leaves Walhalla at 9:30 A. M. and arrives here at 7:00 P. M. We like the change.

Mr. M. S. Merriam, Deputy Surveyor and Notary Public, publishes his business card in our paper this week. Any one desiring his services will find him prompt and reliable. See his card.

The annual ball of the Mountaineer Fire Engine Company will be celebrated on Friday evening, May 6th, at Bleiman's Hotel. The Company will accept our thanks for an invitation to be present. Tickets to the ball can be purchased of V. L. Norman, Richard Fitzgibbon and Willie Klein.

Capt. A. C. Merrick has been appointed United States Commissioner for Oconee County, with headquarters at Walhalla. Col. Thompson still remains his aide, this new appointment giving us two commissioners. Capt. Merrick, with his family, has resided in our county over a year, and his conduct has been such as to merit and gain the good opinion of all who have had any business dealings with him. He bears the character of a quiet gentleman and in his new position we are satisfied he will try to enforce the revenue laws fairly and impartially.

Miss Mary Smith, daughter of John J. Smith, our County Auditor, died of consumption at the residence of her father, near Walhalla, on Wednesday evening, the 26th ultimo, in the 24th year of her age. Miss Smith had been a member of the Methodist Church for several years. She bore her sufferings with great fortitude and patience and viewed her approaching dissolution with calmness and resignation. She was a young lady of many excellent and noble traits of character, and during the sickness of her sister, who preceded her to the grave only a few months ago, she was her constant companion night and day, and showed a self-sacrificing spirit to duty which is scarcely if ever found in this day and time. Miss Smith had many friends and admirers. Her remains were interred at the Baptist Church graveyard on Thursday afternoon, the 27th ultimo, after appropriate funeral services by Rev. C. D. Mann, assisted by Rev. G. H. Carter. A large assemblage of the citizens of Walhalla and neighborhood were present to pay a last and tribute to her memory.

The time reading held by the young gentlemen of the Piedmont Literary Society of Adger College, on last Friday evening, in their hall at the college, was one of the most pleasant entertainments yet given by the young men of the college. The following is a list of the readers: Prof. W. S. Moore, Mrs. E. F. Blodgett, Dr. Burt Mitchell and Miss Mary Riley. The pieces read were well selected and rendered. Between the rendition of each selection the audience was entertained by music from the string band. Mr. D. A. Smith kindly presided over the meeting by request of the members of the Piedmont Society. After the reading was over Col. E. M. Rucker, of Anderson, being present, was asked to address the audience. This the Colonel did in one of his most happy strains to the delight of all present. The Colonel came to Walhalla on Thursday night on a visit to his son, who is a student of Adger College. Our people are always delighted to see him in our midst. His genial, whole-souled manner makes him friends wherever he goes. There is some talk of his being a candidate for Congress from the Third District. He would fill the place with ability and credit to the State. Big pardon for this digression. The only disturbance of the evening's entertainment was a thunder shower which caught the ladies without cloaks or umbrellas. The young gentlemen, however, were gallant enough to provide these articles for the comfort of the ladies. We hope such entertainments may be more frequent.

A SENSATION IN EASLEY.—On last Sunday a trunk was received at the depot at Easley, S. C., by express from No. 146—street, Atlanta, Ga. It was known in Easley that there was small pox in Atlanta, next door, on the same street, and excitement ran high about it for some time. The Town Council met and offered to purchase the trunk from the negro who claimed it, in order to burn it up with contents, but the negro refused to sell and was permitted to take the trunk out of the office and carry it away.—Pickens Sentinel.

A PROFITABLE CABBAGE.—A few days ago Messrs. Bart & Co., of this city, received a cabbage from Messrs. Lancaster & Towles, who plant vegetables on Wadmalaw Island, which was of an extraordinary growth and dimensions that it was shipped in a separate box to S. W. Wiley & Co., produce dealers, of New York. The account sales of the shipment were received yesterday, from which it was ascertained that the one cabbage netted \$5 in cash after taking out the commission freight and expenses. Accompanying the returns was an order for six more cabbages of the same size, with an offer of the same price.—News and Courier.
